

## CITY OF WEST PARK

# \*\*\*PUBLIC NOTICE\*\*\*

## HURRICANE DORIAN

The City of West Park is actively monitoring Hurricane Dorian and reminds residents that NOW is the time to have your hurricane preparation plans in place for family and pets as the storm has the potential to threaten our area Sunday and Monday. The National Hurricane Center forecast track puts Broward County in the cone, and there is potential for continued rapid change in conditions.

For updates from the City regarding hurricane preparedness and/or recovery activities, residents may log onto our online radio station partner at: [www.wrbdradio.com](http://www.wrbdradio.com). Residents may also keep checking this website and/or the City's Facebook page.

Additionally, residents and businesses may sign up for text and email alerts using the [Subscribe/Notify/Email Me](#) link at the bottom of the home page of this website.

Copies of the [City of West Park Hurricane Guide](#) are available for pickup at City Hall, located at: 1965 South State Road 7, West Park. It is important to start your home/family preparedness process by doing, at the minimum, the following:

- Locate a safe room or the safest areas in your home for each hurricane hazard. In certain circumstances the safest areas may not be your home but within your community.
- Determine escape routes from your home and places to meet. These should be measured in tens of miles rather than hundreds of miles.
- Have an out-of-state friend as a family contact, so all your family members have a single point of contact.
- Make a plan now for what to do with your pets, if you need to evacuate.
- Post emergency telephone numbers by your phones and make sure your children know how and when to call 911.
- Check your insurance coverage - flood damage is not usually covered by homeowners insurance.
- GET CASH. Banks and ATMs do not operate without electricity in the aftermath of a major storm.
- GET GAS. Gas pumps do not operate without electricity in the aftermath of a major storm.
