

Florida Department of Transportation

RON DESANTIS
GOVERNOR

3400 West Commercial Boulevard
Fort Lauderdale, FL 33309

KEVIN J. THIBAUT, P.E.
SECRETARY

November 15, 2021

Dear Elected Official:

RE: Public Information Notification

Eastbound and Westbound Hallandale Beach Blvd closure at South Florida Regional Transportation Authority (SFRTA) Railway Grade Crossing
Broward County
Financial Project ID Number: 448832-1-57-01

This notice is to inform you and your staff of an upcoming rehabilitation project at the SFRTA Railroad Crossing located west of Interstate I-95, on Hallandale Beach Boulevard/SR 858. The work will be performed by South Florida Regional Transportation Authority (SFRTA) contractors.

The work is scheduled to begin Wednesday, December 1, 2021, at 9:00 p.m. and last until Wednesday, December 8, 2021, at 6:00 a.m. If necessary to complete the work, this closure will extend to Thursday, December 9, 2021, at 6:00 a.m. During the closure, workers will rehabilitate the existing track to repair rails and replace crossing surface to improve ride quality.

Attached to this letter is a copy of the Public Information Flyer being sent to public officials, regulatory agencies, organizations, and individuals that may have an interest in the project. If you require further information, please do not hesitate to contact FDOT District Four Rail Administrator Manager, Christopher Burgess, at (954) 777-4343 or via email at christopher.burgess@dot.state.fl.us.

Sincerely,

DocuSigned by:

Steve Braun

FLORIDA DEPARTMENT OF TRANSPORTATION MISSION STATEMENT

The Department will provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of our environment and communities.

The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provides numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
